 Booklet features: How to avoid and manage gastro, traveller's diarrhoea, hepatitis, malaria, and other important health issues  
 And specific advice for diabetes, pregnancy, children

**A CONSTANT COMPANION AND POPULAR RESOURCE FOR THOSE WITH A SENSE OF ADVENTURE**

*Millions of Australians travel overseas each year with up to 50% reporting associated illness, much of which can be avoided with appropriate advice. The Traveller's Pocket Medical Guide is the only Australian travel medical guide to include an "International Certificate of Vaccination or Prophylaxis" in accordance with WHO guidelines. General Practitioners using the booklet have found it to be invaluable both as a patient held vaccination record and time-saving information handout. Information entered by medical practitioners is accepted internationally and this book is now the standard for Australian travellers and their doctors.*

Traveller's Pocket Medical Guide booklets with the International Certificate of Vaccination or Prophylaxis at \$3.85 each in lots of 20 or 100 booklets at \$3.30 each, plus \$15.00 P&P within Australia. Further discounts apply for larger orders.

International Certificate of Vaccination or Prophylaxis cards available separately, for only \$0.66 cents each. \*Minimum order of 50 cards, plus \$5.00 P&P in Australia.
